Will a 230 MW solar power plant be built in Azerbaijan?

On January 9, 2020, the Ministry of Energy of the Republic of Azerbaijan and Masdar Company of the United Arab Emirates signed an Implementation Agreement. According to the Agreement, pilot project will be implemented for the construction of solar power plant with a capacity of 230 MW by "Masdar".

Which solar projects are being built in Azerbaijan?

The installations include the 445 MW Bilasuvar PV project and the 315 MW Neftchala solar plant, both in southeastern Azerbaijan. Investors signed investment agreements for the projects in October 2023 and have since signed power purchase agreements, transmission connection agreements, and land lease agreements.

When did Azerbaijan start installing a solar plant?

Azerbaijan began installment of its first major solar plant in 2023. The government of Azerbaijan aims to increase share of renewables in total electricity production to 30% by 2030. Azerbaijan's renewable energy sources are hydropower, wind, solar, and biomass power plants.

Is Azerbaijan ready for green energy?

"Laying the foundation of 3 stations with a capacity of 1 GW is not only a first in the field of green energy in Azerbaijan, but also a bright indicator of our solidarity and commitment to the energy transition," said Shahbazov. Masdar completed a 230 MW solar plant in Garadagh, near Baku, in October 2023.

How much electricity will Azerbaijan generate per year?

Investors signed investment agreements for the projects in October 2023 and have since signed power purchase agreements, transmission connection agreements, and land lease agreements. Azerbaijan Energy Minister Parviz Shahbazov said the three projects will generate 2.3 billion kWh of electricity per year.

How many solar projects will Masdar build in Azerbaijan?

Utility-scale solar developer Masdar is set to develop two new solar projects in Azerbaijan. Masdar will build three solar and wind projects with a combined capacity of 1 GW. Masdar and State Oil Company of Azerbaijan Republic (SOCAR) have signed a shareholder agreement for each of the projects.
