Why should I choose to work with Airis Energy?

Airis Energy is one of the leading residential and commercial energy companies in the world. You can expect best-in-class efficiency with products engineered, manufactured, and tested by Airis. With 25+ years of experience, we have helped numerous home and business owners go green and minimize energy costs. Industry-leading warranties and servicing are included with every project.

How can Haiti improve energy resilience?

In the face of these obstacles, Haiti is forging a path toward energy resilience with support from USAID and the National Renewable Energy Laboratory (NREL). Central to this effort is the development of energy modeling frameworks and trainings, microgrids, agrivoltaics, and off-grid solar power to enhance energy resilience and security in Haiti.

What is Airis SmartLED technology?

Airis SmartLED technology is a technology that can reduce electricity costs by up to 90%. It is also integrated with air purifiers that can clean up to 99.9% of the air, protecting occupants from viruses, bacteria, pollen, and more. Choose from a range of configurations, perfect for both small and large spaces and HVACs. Go sustainable, go solar with Airis.

Can off-grid solar improve Haiti's energy access?

In parallel with other efforts like minigrid development and national grid planning, off-grid solar also has the potential to play an important role in advancing Haiti's energy access. As the name suggests, off-grid solar systems operate independently from the traditional electricity grid.
