

Will Eagle LNG invest in Aruba?

Eagle LNG president Greenberg indicated that they have been seeking investment opportunities for a while in the Caribbean region and the signing of the exclusivity agreement means that they can finally start investing in Aruba. The processing of the necessary equipment for the terminal and the permanent process will start immediately.

Why do we need a gas company in Aruba?

It also brings economic development as the company will be established in Aruba and will create new jobs considering their plans for gas export. This will help our foreign exchange reserves, economic growth, and generate more income for the Government.

Who is the sole shareholder of WEB Aruba?

The Government of Aruba is the sole shareholder of RdA N.V., the parent company of WEB Aruba. WEB Aruba became an independent company in January 1992, and was incorporated as a separate company into Utilities Aruba NV, a holding company with the Government of Aruba as the sole shareholder.

What can Aruba do with LNG?

Aruba can utilize LNG to open up new pathways to zero carbon that do not require the use of large amounts of land. This includes introducing renewable natural gas from naturally occurring sources such as garbage dumps and livestock digesters, and introducing hydrogen in the future.

How much money will be invested in the construction of Aruba?

Eagle LNG will invest \$100m (182,000,000 florin) in Aruba's infrastructure. This investment is expected to create 80 to 100 construction jobs during the construction period and reduce energy costs by '100s of millions of florins'. Additionally, it aims to reduce air pollution and carbon emissions from electricity production and help revitalize 'Refineria di Aruba'.

Will US investors have a positive impact on Aruba?

US Consul General, Greenberg stated that he was pleased with the positive impact US investors will have on Aruba. One thing that the pandemic taught everyone is that no country can depend only on a single industry. This new development will create economic diversification.
