Atrium has finely cut leaves with a feathery appearance. It produces a light pink-red flower with feathering on the upper petals in crimson. Unique Pelargoniums are one of the older groups which have been around since the start of the nineteenth century. They tend to have a shrubby habit, they are easy to grow and wi

Products Journal; Awards ... The power of the atrium lies in its ability to shift architectural scales and dwarf the viewer, creating continuity between otherwise separate spaces. It can define the interior architecture of a building or it can be a hidden space of tranquility that is invisible from the exterior. While each one of the atriums in ...
