

Benin guangzhou hy energy

HY Energy was appointed to be the drafter of off grid wind solar generating safety requirement standard No. (20074719-T-604) based on the advance technology inaugurator of perfect matching design on wind blade and generator and the perfect matching on wind energy and solar energy. Guangzhou HY Energy Technology Limited Corp.

With HY R& D team efforts and years of technology accumulation and fine workmanship, HY wind 6th generation wind turbines proved an excellent performance, durability and reliability, following generator efficiency testing result shows what HY turbine is capable of and we expect you could start to test our wind turbine yourself. ... Xinhua Street ...

Wind Power: 600W rated power output - HY-600 Wind turbine, 24V; Solar Power: 400W rated power output - 2pcs 200W 24V polycrystalline solar panel; Controller & Inverter: off-grid wind solar hybrid controller inverter 600W ... @ 2008-2016 Guangzhou HY Energy Technology Limited Corp.

HY-600 wind turbine combines with 1000W solar panel to power one resident family --India 2012 Xinhua Street,Huadu District,Guangzhou, China; Tel:+86 20 36888000; Fax:+86 20 36892823; Email 1:hy@hyenergy .cn; Email ...
