

Boson energy sa China

Who is boson energy?

Next generation solutions based on 40 years in Hydrogen and waste. Having successfully co-founded, built and sold a first industrial cleantech start-up to Siemens AG, and then a second one to Nalco; Jan Grimbrandt founded Boson Energy in 2008, together with long-time business partner Professor Włodzimierz Blasiak.

Does boson energy have a global presence?

Starting in Sweden, Poland, and Germany, then continuing throughout Europe, Boson Energy is aiming for a global presence. The Memorandum of Understanding was signed during the ACHEMA Fair in Frankfurt by Axel Lorenz, CEO for Process Automation, and in advance by Stephan May, CEO for Electrification and Automation at Siemens.

Is boson energy a force-fitting technology?

Not at all. Boson Energy is part of a new generation of technologies that are not force-fitted into the energy transition and decarbonisation, but rather built for that very purpose.

Will boson energy produce 1 million tons of circular hydrogen a year?

Boson Energy is targeting more than 300 plants in order to produce 1 million tons of circular hydrogen from waste by 2030- avoiding up to 30 million tons of CO₂ emissions per year. Starting in Sweden, Poland, and Germany, then continuing throughout Europe, Boson Energy is aiming for a global presence.

Will boson energy join Siemens to support global decarbonization?

"We are excited to join forces with Siemens in our ambition to make a difference in society and support global decarbonization with our Waste-to-X solution," said Jan Grimbrandt, CEO of Boson Energy.

Why did boson energy collaborate with Siemens?

"The collaboration with Boson Energy represents a significant step forward in our commitment to advancing technologies toward CO₂ reduction," said Stephan May, CEO of Electrification and Automation at Siemens Smart Infrastructure.

News in China News around the Globe 06. 2024 - 07. Siemens AG backs Boson Energy to scale waste-to-hydrogen tech Author: H2-view Siemens AG has partnered with Luxembourg-based Boson Energy to collaborate on non-recyclable waste-to-hydrogen technology, with the aim of powering off-grid electric vehicle charging. Boson Energy's Hydrogen by ...

Om Boson Energy. Boson Energy SA grundades 2008 och har utvecklat teknologi och system som möjliggör lokal, ren och resurseffektiv återvinning av annars icke återvinningsbart avfall, för att producera kostnadseffektiv vätgas för direkt användning i vätgastankstationer eller vätgasdriven snabbladdning av elfordon och effektstöd till ...

The Seal of Excellence was awarded to Boson Energy, as part of the European Innovation Council (EIC) grant application process. The Seal of Excellence is an "EU quality label for excellent ideas worthy of funding".
