

Brazil sunbeam systems

What is a sunbeamsystem Maxa solar panel?

The new Maxa series is packed with a lot of the unique features you will only find on a SUNBEAMsystem solar panel. It's fitted with an ETFE surface (the next best thing after SUNBEAMsystem Tough surface) and comes at a very sharp price.

Who is sunbeamsystem?

SUNBEAMsystem is a market leader in high-performance solar panels for the most demanding circumstances. Most popular applications include the professional marine yachting industry and extreme off-grid environments, ranging from both arctic to tropical climates.

Why should you choose sunbeamsystem?

SUNBEAMsystem has a model for every need (except for the very cheap solar panels). Every price segment has higher quality and more innovative features compared to the others. The best tip we can offer is to compare our models as you would when comparing them with competitors.

Sunbeam er et svensk selskap som er kjent for sine nyskapende løsninger innen solceller og solpaneler. De leder utviklingen med sine høypresterende produkter som kan håndtere de mest krevende omstendigheter. Deres solpaneler er lette, kan bøyes, er slitesterke og har den høyeste watt pr. overflate av de solpanelene som finnes på markedet.

Company status

The SUNBEAMsystem SMART LITHIUM MULTI models offer an unbeatable combination of power, convenience, and reliability, with improved capacities of up to 108Ah for 12V systems, and the new 54Ah - 24V MULTI model. Upgrade your system today and experience the most advanced user experience on the market.

Just like Sunbeam Nova, our system for flat roofs, Sunbeam Luna features a unique yardstick. This will allow you to mount the profiles at the right distance from one another in no time. Integrated potential equalisation
The potential equalisation is integrated into the clamps, and it is easy to connect an earthing wire to the profiles.

Sunbeam Systemsin Maxa-sarjan paneeleissa on kestävä; pinnoite, eikä; lainkaan kytäboxia paneelin päällä! SUNBEAMsystems sin laadukas ja hyvin taipuisa paneeli veneeseen. FLUSH paneelissa on huomaamaton entistäkin 30% litteämpi erikoiskaapeli

EZ SunBeam Ground Mount System 6 of 29 EZ SunBeam Ground Mount System Components Portrait End Clamp Kit, fits panel height from 31 to 50 mm. For last 3 digits, see table on last page. K10224-1XX Grounding Mid Clamp Kit fits panel height from 31 to 50 mm. May be repositioned until torqued to final value. K10180-001 For single-use only

Chez SUNBEAMsystem, nous croyons fermement en une expérience sans préoccupations. C'est pourquoi nous avons créé la plateforme Multi Connect: un réseau basé sur une application pour assembler toutes vos technologies SUNBEAMsystem.

J'avais notamment un doute sur la tension Voc des MAXA car il n'y avait pas le 75V des Sunbeam Though. Ils produisent super bien. Tout s'est bien passé et la techno Shadow optimisé, avec j' imagine des diodes entre certaines cellules, semble bien fonctionner ! ... Max System Voltage (incl. by-pass diode) 30V (80V) 30V (80V) 30V (80V) ...

SUNBEAMsystem's SMART LITHIUM batteries are designed with an unparalleled safety architecture, distinguishing them from conventional lithium-ion technologies. Our batteries are rigorously tested to withstand extreme conditions without sacrificing safety. Here's how we ensure the highest safety standards: Advanced Safety Chemistry: Our batteries use Lithium Iron ...
