Solar Shack: Powering Your Home, Empowering Your Future At Solar Shack, we're not just about homes; we're passionate about empowering businesses with the sun's clean and reliable energy. Our commercial solar services help you reduce operating costs, enhance sustainability, and gain a competitive edge in the marketplace.

I took my shack completely off grid over 5 years ago and have never looked back. Saves on the power bill and would provide autonomy forever in a power outage. My shack and power system is an order of magnitude messier than yours though. The only time I could run low is during a 48 hour contest running a kW power level on a rainy weekend. 73, W8JH

After six years of planning and construction, the 7.5MW Mubuga Solar Power Plant in Burundi, the first of its kind in the East African country has started commercial operations, which makes it the country's first substantial energy ...

Burundi solar shack
