

Once you decide to buy a solar home system, please visit one of our service centers across the country to purchase one or call our toll-free numbers (0814 986 4946 or 0708 063 6700) and our sales team will take your contact information. After that, you will receive a customer assessment call for system eligibility and if successful, after purchase, your product will be delivered to you.

Our teams are based in Belgium, Benin, China, Côte d'Ivoire, France, Germany, Kenya, Mozambique, Nigeria, Rwanda, Tanzania, Uganda and Zambia. Working at ENGIE Energy Access Meet our colleagues who have built fulfilling careers by impacting lives across Africa.

Engie Africa launched a pilot project earlier this month to provide purified water, power and Wi-Fi to off-grid communities in Kigali, Rwanda. The project is being developed through a partnership between Engie Energy Access and OffGridBox, a water and solar company founded in 2016 with offices in Rwanda and the United States.

ABOUT MySol Grid. MySol Grid (formerly ENGIE PowerCorner) started in 2015 as an incubation project within the ENGIE Group. In 2016, ENGIE PowerCorner commissioned its first 16 kWp mini-grid unit in Ketumbeine, a remote village in Northern Tanzania, powering 120 ...

The Rural Electrification Strategy in Rwanda approved in June 2016 outlines strategies through which Rwanda's households could "have access to electricity through the most cost effective means by developing programmes that will facilitate both the end users to access less costly technologies and increase private sector participation in the provision of these solutions" ...

"We have capacity to supply affordable and efficient solar power on Rwanda's energy market, we can serve people with big commercial projects and companies who want to light their buildings and compounds," he says. ENGIE Energy Access has Mysol Project on Rwanda's market since 2014, connecting over 300,000 citizens 600 households and 400 ...

Kigali, 19 th November 2021- Mobisol, Rwanda's market leader in Pay-As-You-Go solar industry has changed its corporate name to ENGIE Energy Access Rwanda (EEA Rwanda).. Officially launched by Minister of infrastructure, Honourable Claver GATETE, the event was also attended by Amb.Nicola Bellomo, Ambassador of EU to Rwanda, and H. E Antoine Anfrangirwa, Ambassador ...

Solar photovoltaic installations on the sites of ENGIE's customers, local authorities and businesses, are the response to such challenges. The Group designs, builds, operates, maintains and finances these solutions in more than 18 countries, supplying its customers with renewable energy produced on their sites, in the form of long-term ...

as well as approximately 1,200 contractors. Mobisol has operations in Tanzania, Rwanda, and Kenya and has installed more than 150,000 solar home systems, providing clean and reliable energy to over 750,000 people in Sub-Saharan Africa. With the acquisition of Mobisol, ENGIE will be offering solar home systems in 3 additional

With over 1,800 employees, operations in nine countries across Africa (Benin, Côte d'Ivoire, Kenya, Mozambique, Nigeria, Rwanda, Tanzania, Uganda and Zambia), 2.5 million customers and more than 12.5 million lives impacted so far, ENGIE Energy Access aims to impact 20 million lives across Africa by 2025. Through Crowdfund for Solar, ENGIE Energy Access will deploy its high-quality, expandable solar home systems (SHS) to countries in need, such as Rwanda and Zambia, due to their low electrification rates. This will support the health, quality of life and economic prosperity of communities in off-grid and remote regions.

The products of the off-grid energy distributor will be branded Mysol, replacing the Mobisol brand of lighting, TV and business Solar Home System (SHS) products. In 2020, parent company ENGIE integrated Mobisol, Fenix International and another mini-grids provider, ENGIE PowerCorner under a new entity, ENGIE Energy Access. Acquisition of these energy ...

The OffGridBox is a mobile and modular 2x2x2m container with solar panels on top and a water purification system inside and it can provide connectivity through a Wi-Fi hotspot. The box can be easily transported anywhere in the world and ...
