Hobro the 2 nd of December 2024 - Eurowind Energy is rapidly expanding the number of approvals for wind turbines. 37 wind turbines across 11 projects have been approved in the last 12 months. This includes 19 wind turbines with more than 100 MW capacity in the city of Bad Berleburg (North Rhine-Westphalia) alone. With a total capacity of approximately 220 MW, ...

Energy centres can furthermore reduce the pressure on surrounding infrastructure since more power is consumed locally. The ability to produce energy in a variety of weather scenarios will allow the energy centres to provide more full-load hours, which again makes them very competitive in the fields of storage, hydrogen and the refining of hydrogen.
