What kind of battery does Franklin home power use?

Franklin Home Power integrates solar, grid, battery storage, and generator. The aPower is a robust 13.6 kWh battery that can be expanded to 15 units per aGate, reaching a total storage capacity of 204 kWh. As an AC-coupled LFP battery, it features the safest battery chemistry in the industry to date and can connect directly to household loads.

How much does a Franklin home power battery cost?

After taxes and installation labor, the average cost of the Franklin Home Power system is about \$18,000. This is fairly expensive for a 13.6 kWh battery. Even after taxes and labor costs, you can find other batteries of similar size for under \$15,000. For instance, the Tesla Powerwall, a 13.5 kWh battery, costs between \$9,000 and \$13,000.

Does Franklin home power have a 12-year warranty?

Using extremely safe LFP battery, the Franklin battery system is safe and reliable with a 12-year warranty. With a 13.6 kWh storage per aPower, Franklin Home Power is expandable to 204 kWh storage per aGate, which is flexible to meet different household energy needs.

Are Franklin home power systems safe?

Using extremely safe LFP battery, the Franklin battery system is safe and reliable with a 12-year warranty. The FranklinWH smartphone app, available on iOS and Android, allows you to monitor and control your Franklin Home Power system anytime, anywhere. You can select from various available energy-saving consumption modes.

Does a franklinwh battery deteriorate?

The battery life of your FranklinWH will deteriorate in the same way, and that isn't an indicator of a product flaw. All batteries lose some of their ability to hold a charge over time after extended usage, whether it's an electric vehicle battery, a home energy battery, or a rechargeable AA battery.

Does franklinwh offer a warranty?

All batteries lose some of their ability to hold a charge over time after extended usage, whether it's an electric vehicle battery, a home energy battery, or a rechargeable AA battery. This is why FranklinWH offers a warranty that guarantees a certain percentage of storage capacity.

We know homeowners have different demands for home energy storage. The launch of the FranklinWH aPbox will give homeowners additional freedom to balance battery storage and PV capacity. With the aPbox, your Franklin Home Power system becomes more powerful and can adapt to more diverse solar scenarios. Check the datasheet of aPbox: ...
