

Map of French Guiana by cartographer Jacques-Nicolas Bellin (1763). The history of French Guiana dates back to the period prior to European colonization. Prior to the arrival of the first Europeans, there was no written history in the territory. It was originally inhabited by a number of Native American peoples, among them the Kalina (Caribs), Arawak, Galibi, Palikur, Teko, ...

Paris, December 2nd 2020 - EDF Renewables, a leading player in wind and solar energies in France, is announcing the commissioning of Toucan 2, a 5 MW photovoltaic power plant equipped with a smart storage system. This new power plant represents another step forward for the energy transition underway in the territory and will help French Guiana meet its goal of energy ...

French Guiana is an overseas department administratively attached to France, located in the northeast of South America between Brazil and Surinam. French Guiana's distance from France (more than 8000 km) leads to varied needs, especially in energy supply. A promising solution for solar mapping of French Guiana lies in the use of satellite images as the few ground ...

The European Space Agency (ESA) with France's CNES space agency, plan to cut costs by reducing the reliance on the French Guiana grid and transitioning to "green" and renewable energy sources on site. These new energy sources are intended to provide 90% of the electricity consumed at the base by end of 2025.

Renewable power plants operator Voltalia SA on Thursday announced the commissioning of its 5-MW Parc Sable Blanc solar farm with an integrated storage system in French Guiana. The Paris-based company secured the project in a government tender for solar projects in non-interconnected zones (ZNIs) in May 2021. The guaranteed tariff contract for ...
