Manufactured by MURATA MANUFACTURING MURATA POWER SOLUTIONS Z06-65202-40 . New Product Radwell SKU 84676395 -- Non-Authorized Line. Order Now call for availability . Call for quantity availability at 800.884.5500. \$37.00 /ea. ...

to power modules. The DBE series products are eighth-brick . DC-DC converter with a digital interface support-ing the PMBus standard for communicating with power devices. The DBE series also supports the TNV standard for input Voltage with a 36-75Vin specified Vin range and was designed to provide payload power in distributed power architectures.

Murata Power Solutions also offers a broad range of magnetics for power line filtering, isolation, and EMC applications including inductors, common-mode chokes, and pulse and current sense transformers. For more than 40 years, Murata Power Solution"s offering of digital panel meters has been recognized as the industry"s most versatile and ...

For details please visit Murata Power Solutions Product Overview Note 1 Export Control For customers outside Japan: No Murata products should be used or sold, through any channels, for use in the design,

Murata Power Solutions provided me with the most diverse job experience. I worked as a product manager, outside sales manager, field applicaitons engineer, and ultimately as their University Coordinator. I thoroughly enjoyed every position and loved working with the other staff. I expanded my technical depth, and was able to author several ...

(Murata Power Solutions Products) Murata transformers are ideally suited to high-frequency designs. The products come in a variety of industry-standard packages and can be used in applications where impedance matching, voltage conversion, ...

Murata Power Solutions meets and exceeds industry-standard efficiency specifications for both AC-DC and DC-DC power. Using fully integrated component structures, low-profile packaging, ...
