This easy-to-install product line with weatherproof enclosure enables the use of GEA Blu technology in outdoor applications, whether on ground or on rooftop level. ... Screw chiller for outdoor ...

Wood-frame outdoor guinea pig runs are probably the most common type of run. They can be quite easy and inexpensive to build, as well. The easiest and cheapest version would be to just build a square or rectangular frame with some 1x1s or 2x4s and add wire or plastic mesh for the sides. Leave the bottom open, of course, to let your guinea pig ...
