

The solar energy facility will be the first grid-connected solar photovoltaic (PV) array in Guinea. The project is being developed by InfraCo Africa with the support of Aldwych Africa Developments Ltd, in partnership with experienced French solar PV developer, Solvéo Energie S.A.S, a subsidiary of Solvéo Developpement.

It combines photovoltaic solar energy with hydroelectricity produced in Guinea, reduces the need for thermal energy and reduces the cost of electricity," said Jean-Marc Mateos, President of the Solveo Group. Guinea's has a national electrification rate of 35.4%.

Guinea's has a national electrification rate of 35.4%. The West African country is looking to increase its electrification rate to meet its developmental goals, as well as diversify its energy mix. Guinea's existing electricity supply is largely derived from hydro power which can be susceptible to seasonal fluctuations in rainfall.

Xiamen Torch Development Zone for High Technology Industries (Xiamen Torch High-tech Zone) held a signing ceremony for key projects on September 8, 2021. More than 40 projects have signed contracts with Xiamen Torch High-tech Zone. The Solar First New Energy R& D Center cooperated by CMEC, Xia...

Solar Powered Cold Room Solar Energy Storage Container Container Cold Room offered by China manufacturer Xiamen Jialiang Refrigeration Equipment Co., Ltd. . Buy Solar Powered Cold Room Solar Energy Storage Container Container ...
