Paris, November 15, 2022 - TotalEnergies has completed the joint acquisition with ConocoPhillips of the 8.16% interest held by Hess in the Waha concessions, in Libya. As a result of this transaction, TotalEnergies' interest in these ...

This paper presents a new configuration for a hybrid energy storage system (HESS) called a battery-inductor-supercapacitor HESS (BLSC-HESS). It splits power between a battery and supercapacitor and it can operate in parallel in a DC microgrid. The power sharing is achieved between the battery and the supercapacitor by combining an internal battery resistor ...

TotalEnergies and ConocoPhillips will buy US firm Hess' stake in Libyan upstream firm Waha Oil and will invest in raising output, according to TotalEnergies' chief executive Patrick Pouyanne. ...

Purchased Hess' 8.16% interest in the Waha Concession in Libya in equal shares; increases TotalEnergies' interest in the Waha Concessions increased to 20.41% from 16.33%. (Completed; PSA announced November 2021) ... Hess Completes Libya Asset Sale to TotalEnergies, ConocoPhillips. Transaction Type. E& P. Sellers. Hess Corp. Buyers ...

Libya's National Oil Corp's (NOC) new boss, Farhat Omar Bengdara visited TotalEnergies' Paris headquarters late last month. This gave Patrick Pouyanné the opportunity to discuss a particularly thorny issue with him. The matter is mentioned half-heartedly in a post-visit press release, which indicates that discussions focused in particular on "the implementation of ...
