

I can't open the power grid on WeChat

Why is WeChat not running?

1. Check whether WeChat is running in your phone's ?Settings? -> ?App Management? -> ?Running?. If WeChat is not in the "Running" list, you must re-open it. If you find WeChat is not running all the time, check whether any installed security apps have blocked WeChat, or check whether WeChat is closed due to insufficient storage. 2.

How do I troubleshoot a WeChat error?

Troubleshoot this problem by the methods below: 1. Check whether WeChat is running in your phone's ?Settings? -> ?App Management? -> ?Running?. If WeChat is not in the "Running" list, you must re-open it.

Does WeChat work on other networks?

If WeChat works okay on other networks, check your network settings on your router to make sure that app is not blocked. See our recommended router settings here: [Recommended settings for Wi-Fi routers and access points](#). If the issue is not with your router settings, you may have an issue with your WeChat app itself. Check for an app update.
