Who is illuminate USA?

Illuminate USA is an American advanced manufacturing company. We are committed to developing renewable energy solutions through cutting-edge solar panel technology,sustainable practices and a dynamic workforce. Illuminate USA's new manufacturing facility is assembling solar panels ready for installation.

Who is illuminate USA's new solar company?

The new company is a joint venture between renewable energy company Invenergy,a Chicago-based developer,and Chinese solar panel manufacturer LONGi. Invenergy,which is developing several solar projects in Ohio,is Illuminate USA's anchor customer. The opening of the plant comes amid a surge of solar farms being built in Ohio and elsewhere.

Is illuminate USA based in China?

Not everyone is as excited. Illuminate USA is a joint venture between Invenergy,the largest private US renewables developer,and Longi,the world's largest solar panel manufacturer. The latter partner has aroused local suspicions because it is based in China.

Where is illuminate USA located?

In the sleepy Midwestern town of Pataskala,Ohio,a 1mn sq ft factory built on former farmland is marked with a sign: Illuminate USA. The utilitarian building is due to start production this month as one of the largest solar panel manufacturers in the US.

Why is illuminate USA opening?

Illuminate USA is opening as a global panel glut dents the profitability of solar manufacturers. China doubled its capacity last year and produces three times the global demand,the IEA estimated. "Solar is likely to be the energy source of the 21st century.

Does illuminate USA sell solar panels in China?

Most US solar factories have ties to China regardless of the nationality of their owners. While Illuminate USA's solar cells for panels are sourced from Malaysia and Vietnam,it will buy shipments of special tape that is only available so far in China.
