Inaccess power factors Cambodia

Did power factors acquire inaccess?

Power Factors,a provider of renewable asset management software,acquired Inaccess,a provider of integrated mission-critical software and hardware solutions for renewable energy projects,battery energy storage systems,hybrid plants,and virtual power plants (VPPs). The financial terms of the acquisition were not disclosed.

What is power factors & inaccess?

by Power Factors The combination of Power Factors and Inaccess creates a comprehensive renewables product suite,from development through operations,from energy trading through power plant management,maintenance,and controls

How will Power factors & inaccess work together?

The combination of two powerful platforms,with Power Factors' leading asset performance management solutions and Inaccess' best-in-class SCADA,power plant and battery control,and energy marketing offerings,will unlock these new services,along with new potential revenue streams.

What does inaccess's acquisition of power factors mean for customers?

The acquisition,for an undisclosed sum,will offer the ability to connect Inaccess' EMS,SCADA and power plant controller technologies with the US company's asset performance management solutions,Power Factors said,unlocking new revenue opportunitiesfor customers.

Why is power factors partnering with inaccess?

Such goals require a broad and deep technical stack along with the platform capacity and scale that serves the largest energy producers on the planet. Achieving global scaleis one of the many reasons we are excited to join forces with Power Factors," said Christos Georgopoulos,co-founder and CEO of Inaccess.

The combination of Power Factors" leading asset performance management solutions with Inaccess" SCADA, power plant and battery control, and market trading offerings is aimed at supporting the transition of the global renewables energy market from a subsidised and largely static environment to a dynamic, market-based environment.
