What is Canadian Solar's EP Cube residential battery?

At the RE+conference in Anaheim, California, Canadian Solar launched its newest residential product: the EP Cube residential battery. The battery can go up to 19.9 kilowatt-hours in size, comes with an integrated inverter, and can be installed with or without solar.

What is EP Cube?

EP Cube is a flexible and intelligent residential energy storage system intended for smart management of solar power generation and residential electricity consumption. Easy to install, the device is available for remote control, with energy capacity at your discretion. Small in size, it is safe and reliable.

How many kilowatts can a EP Cube store?

The EP Cube energy storage system can store up to 19.9 kilowatt-hours of energy, comes with an integrated inverter, and can be installed with or without solar. Let's take a closer look at everything Canadian Solar's EP Cube has to offer.

Does Canadian Solar offer a backup battery?

Canadian Solar offers the EP Cube Lite, which comes at a lower price point and does not have backup capabilities but is designed to maximize energy savings in areas with time of use rates. The EP Cube has an excellent battery warranty, with 80% capacity retention after 10 years or 6,000 cycles, whichever comes first.

What is a EP Cube battery?

Let's take a closer look. The EP Cube is a modular battery that comes with a built-in hybrid inverter. With modular batteries, homeowners can choose how many battery packs (or modules) they want in their battery to best fit their energy needs. The smallest EP Cube comes with three modules that can store 9.9 kilowatt-hours (kWh) of energy.

Can the EP Cube Lite be upgraded to an EP Cube system?

The EP Cube Lite can be upgraded to an EP Cube system in the future. Because the EP Cube Lite is smaller, it has less wiring and requires a smaller installation crew, meaning it costs less. Canadian Solar claims it can be installed in 20 minutes or less.

EP Cube. RESIDENTIAL ENERGY STORAGE SYSTEM. 9.9 kWh to 19.9 kWh per EP Cube unit, up to 119.9 kWh for full system. Modular battery system. Battery module weight: 70lbs / 32kg. Inverter weight: 77lbs / 35kg. Base Weight: 5.5lbs / 2.5kg. [Learn More](#)

Eternalplanet greeted solar and clean energy enthusiasts and industry professionals at World Smart Energy Week in Tokyo. The company was in attendance on the first day of the largest international renewable energy exhibition in Japan to debut its EP Cube, the company's latest development in residential storage, to the
