Handcrafted with love and spiritual reverence, each item is a unique piece of art, preserving the purest craftsmanship. Our charity includes education, healthcare, and environmental conservation. KAILASH ENERGY not only conveys spirituality and aesthetics but also engages in charitable endeavors to give back to society.

Where does Tuvalu electricity come from?
Tuvalu's power has come from electricity generation facilities that use imported dieselbrought in by ships. The Tuvalu Electricity Corporation (TEC) on the main island of Funafuti operates the large power station (2000 kW).

How will astae help Tuvalu?
Another major outcome of ASTAE assistance will be smoother and faster implementation of a World Bank project that could save the Tuvalu's government significant resources through avoided petroleum fuel costs. At current fuel prices, a 20 percent reduction in fuel usage represents a cost saving of $460,000 per year.

In the heart of the Tibetan Plateau lies a sacred and mysterious mountain--Mount Kailash. For centuries, its grandeur and enigma have drawn countless pilgrims and adventurers. It is from this revered mountain that the brand KAILASH ENERGY draws its inspiration. The brand"s inception was driven by the shared vision of a

OverviewTuvalu"s carbon footprintTuvalu Energy Sector Development Project (ESDP)Commitment under the Majuro Declaration 2013Commitment under the United Nations Framework Convention on Climate Change (UNFCCC) 1994Solar energyWind energyFilmography Renewable energy in Tuvalu is a growing sector of the country"s energy supply. Tuvalu has committed to sourcing 100% of its electricity from renewable energy. This is considered possible because of the small size of the population of Tuvalu and its abundant solar energy resources due to its tropical location. It is somewhat complicated because Tuvalu consists of nine inhabited islands. The Tuvalu National Energy Policy (TNEP) was formulated in 2009, and the Energy Str...
