

In addition, the structural design of PV panels can affect the accumulation of dust and the potential degradation in performance, it was found that frameless PV panels experience ...

Sydney, Australia - March 6, 2024 - LONGi Solar Australia, a leading solar technology company, unveiled its latest innovation at the Smart Energy Council Conference and Expo 2024 in ...

Discover the Hi-MO X6 Max Guardian Anti-Dust Solar Panels, engineered with advanced HPBC back contact technology and TaiRay Inside cells. Featuring a unique anti-dust design, these panels reduce dirt accumulation and ...

The Longi Solar 530W MONO Hi-MoX6 Black Frame PERC Half Cell (LR5-66HTH-520-540) solar panel is a 530W monocrystalline PV module featuring Longi's proprietary mono wafer and cell ...

Chinese solar manufacturer Longi has launched a new "anti-dust" module. The feature rests on its design where the frame sit flush with the glass on the short side, allowing ...

The Longi Solar 440W MONO HPBC Half Cell HTH Black Frame (LR5-54HTB-420-440M) solar panel is a 440W monocrystalline solar panel with proprietary mono wafer and cell technologies. Longi Solar offers a high-efficiency module ...

The Longi Solar MONO Hi-MO5m Black Frame HPBC Half Cell 505W (LR5-66HIH-490-510M-BF) solar panel is a 505W monocrystalline PV module with proprietary mono wafer and cell technologies. Longi Solar offers a high ...

LONGi new generation HPBC cell technology opens a new chapter in the mass production of high-efficiency cells and continues to lead the reform of the industry. The efficiency of LONGi HPBC cells exceeds 25.5%. The efficiency of ...

Chinese solar manufacturer Longi has developed a new "anti-dust" module for the commercial and industrial (C& I) market in Australia. ... with a power output of 440 W. One of the Ultra Black panel's features is that it is ...

Longi dust-proof photovoltaic panels
