

# Nighthawk energy storage Seychelles

What is Nighthawk energy storage?

Nighthawk Energy Storage, LLC (an affiliate of Arevon Energy) - The Nighthawk Storage project is comprised of a 300 MW stand-alone, transmission-connected battery energy storage resource located in Poway, Calif. (San Diego County) and, pending required local approvals, is scheduled to be online by June 2024.

What is the Nighthawk project?

The firms create a robust team leading development of the Nighthawk Project and other battery storage projects throughout California that will be designed to efficiently store renewable energy that can then be deployed back to the grid during peak energy usage periods. Check here regularly for news about upcoming events and project milestones.

When will construction begin on the Nighthawk project?

Construction will begin once the permitting and approval process is complete and electric grid connection authorizations are in place. The Nighthawk Project is actively pursuing a permit through the City of Poway Planning Division and will continue to provide updates when moving into new stages of the permitting process.
