Where can solar power be developed in Egypt?

Utility-scale PV development has, thus far, clustered around Aswan in the south of the country, where solar resources are strongest and there is plenty of land for development. The biggest chunk of Egyptian solar capacity is provided by the Benban project, which lies 50 km from Aswan and is one of the world's biggest PV sites.

What is noltrix training academy?

As a flagship division of Noltrix Group, Noltrix Training Academy stands at the forefront of education and skill development. Our user-friendly online platform offers individuals convenient access to a diverse range of industry-specific training programs.

Is empower preparing a solar investment with multinationals in Egypt?

Empower is currently preparing three solar investments with multinationals operating in Egypt "that are seeking to decarbonize their operations while at the same time securing a competitive electricity tariff over time," said Empower Chief Executive Officer Terje Osmundsen.
