

Photovoltaic panels are exempt from purchase tax

Are solar panels VAT free?

Whether you're buying a standalone solar battery or getting a battery installed with a solar panel system, you'll benefit from the 0% VAT rate. This rule changed in February 2024 to include standalone storage batteries at the 0% VAT, regardless of whether you're getting solar panels at the same time. Is there VAT on solar panel income?

What is the VAT exemption on solar panels & battery installations?

As of February 1, 2024, a significant change has illuminated the realm of sustainable energy in the UK--the VAT exemption on solar panel and battery installations. This transformative shift not only promotes the adoption of clean energy solutions, but also brings noteworthy financial benefits to both residential and commercial consumers.

Are solar panels tax deductible in the UK?

According to the UK government's list of Energy Saving Measures (ESMs), most solar photovoltaic (PV) panels installed on residential properties in Scotland, England and Wales (plus Northern Ireland, as of 1 May 2023) are exempt from VAT, meaning there's no VAT included in the purchase and installation costs.

Is there a zero-rate VAT on solar panels?

A zero-rate of VAT on the installation of energy-saving materials (ESMs), including solar panels, in residential accommodation, was introduced on 1 April 2022. At the time, it only applied to England, Scotland, and Wales. Following a new agreement between the UK and the EU, the zero-rating was also implemented in Northern Ireland on 1 May 2023.

Can a business reclaim VAT on solar panels?

If you're a business installing solar panels, you may be eligible to reclaim this VAT on your regular VAT returns. This can significantly reduce the overall cost of the investment, making solar panels a more attractive option for commercial entities.

Can I claim 0% VAT if I buy solar panels?

This means the standard 20% VAT rate will likely be included in the purchase price if you buy solar panels from one provider and have them installed by someone else. Additionally, if you buy the solar panels from a retailer and install them yourself, you cannot claim the 0% VAT.

The 0% VAT relief makes buying and installing solar panels in your home cheaper. In the Spring Statement 2022, Chancellor Rishi Sunak noted that a family installing a solar panel would see tax savings worth £1,000 and ...
