

What is pillswood?

Pillswood stands as the flagship project under owners Harmony Energy Income Trust and the developers at Harmony Energy. It debuted as a game-changer, claiming the title of Europe's largest Battery Energy Storage System (BESS) by MWh.

What is the pillswood Bess project?

an energy generation and to protect the future of our planet. The Pillswood BESS project is the first of eight similar battery energy storage schemes scheduled for delivery by HEIT in the coming year. Harmony also has plans to replicate its UK success in continental Europe to address the urgent need to deploy significant volumes of BESS to support

Who owns pillswood battery energy storage system?

Developed by Harmony Energy and owned by Harmony Energy Income Trust, the multi-award winning Pillswood battery energy storage system, was Europe's largest by MWh at the time of launch. Pillswood stands as the flagship project under owners Harmony Energy Income Trust and the developers at Harmony Energy.

What is the pillswood project?

While the Pillswood project serves as a significant milestone for Harmony Energy Income Trust plc, it is the first of six to be completed this coming year to support the UK's net zero transition goals and secure the nation's energy supply.

What makes pillswood's Bess a top-performing energy storage facility?

Since its launch in November 2022, Pillswood's BESS has consistently ranked among one of GB's top-performing BESS facilities. It has garnered accolades, including prestigious awards such as the Energy Storage Awards and the Solar & Storage Live Awards in 2023.

Is pillswood the biggest battery storage project in Europe?

Image: Harmony Energy. Alex Thornton, operations director at Harmony Energy, gives us a deep dive into Pillswood, the biggest battery storage project in Europe, including the bold decision to be an early-mover into 2-hour lithium-ion BESS, in a market of much shorter duration assets.

The project includes the design, manufacturing and supply of nr. 2 E-Houses 33kV, equipped with ATR switchgear 36kV 1250A 20kA(1s) for Pillswood BESS plants 100MW. It is the largest BESS system in Europe (by MWh). The E-House is a crucial component of the BESS plants.

Alex Thornton, operations director at Harmony Energy, gives us a deep dive into the biggest battery storage project in Europe, including the bold decision to be an early-mover into 2-hour lithium-ion BESS, in a market of much shorter duration assets.
