In this blog post, we explore the myriad advantages of installing solar PV systems in St. Lucia with Eco Carib, paving the way for a cleaner and more energy-efficient island paradise. 1. Abundant Sunshine: The Ultimate Renewable Resource. St. Lucia, blessed with a tropical climate, boasts an abundance of sunshine throughout the year.

Solar Installer at Eco Dosh Power Solutions · Solar power uses photovoltaic or solar thermal devices to capture sunlight and turn it into electrical energy. Whereas solar thermal systems use sunlight to heat a fluid and produce steam, which powers turbines, photovoltaic cells use sunlight to convert light directly into energy. It provides a clean substitute for fossil fuels and is ...
