

Does WECO have a domestic market?

So far, the Italian company has anchored its rapid growth mostly to the domestic market. Thanks to the government's fiscal incentives for domestic solar applications, WeCo's domestic market will continue to see double-digit percentage growth in installed capacity until 2025, according to the company's 2021 annual report.

How does WECO BMS work?

WeCo's BMS comes with a Wi-Fi and Bluetooth module to communicate with its proprietary monitoring app, available on Apple and Android devices. Users can remotely monitor and track information about the charge status, level of energy accumulated, and battery health.

Why did WECO switch to the Bess market?

First established as an installer of wind and photovoltaic plants, WeCo quickly switched to the Bess market -- an often overlooked segment of the energy transition. As sales director Marco Falorni says: "Without storage systems, renewables have limited development".
