SLDP | Powering to Move Up | LONG Solid Power, Inc. focuses on the development and commercialization of all-solid-state battery cells and solid electrolyte materials for the battery-powered electric vehicle market in the United States. The company was founded in 2011 and is headquartered in Louisville, Colorado.

If QS isn't a complete scam, they seem to have the better tech/product. Solid Power seems further away from an actual lithium metal cell to me. it almost seems like they will never have a lithium metal cell, although they still claim its in the roadmap. but they added another battery to their roadmap that isn't a true solid state battery, more just their electrolyte (sulfide) running on ...

(RTTNews) - Solid Power, Inc. (SLDP), a developer of solid-state battery technology, announced on Friday that it has been selected by the U.S. Department of Energy's Office of Manufacturing and ...

Solid Power Incorporated ( formerly Decarbonization Plus Acquisition Corp III) develops all-solid-state
