Solar generator lighting home system SG1230w ...

If your average gas generator costs about \$1000 a similar output solar generator is going to cost you somewhere close to \$2000 - and maybe even more. Solar generators have lower operating costs in the long haul to offset that initial expense, but it still a pretty big hit to your bank account right away.

Solar generators are available as both portable generators and backup home generators. Most solar generators are portable, lightweight, and have a built-in handle. The best portable solar generators are used to provide ...
