Earlier in the day, Boric demanded that the panels be removed or Chile itself would do it. "Borders are not something that can be ambiguous. It is a basic principle of respect between countries and therefore they must remove those solar panels as soon as possible or we are going to do it," Boric told reporters during a visit to Paris.

Internet marketing for solar companies can increase leads and solar panel installations. By investing in solar digital marketing, you can get a big return on your investment from a reputable company that knows what they're doing. Your website is not simply an online brochure, it's your #1 sales and marketing tool that works 24/7/365.

Europe heavily relies on foreign solar panels. More than 97 percent of the panels in Europe are imported, mainly from China, the EU's financial services commissioner, Mairead McGuinness, said in February. She pointed to a global oversupply and a surge of imports in the EU since 2023. "Solar panel prices have plummeted by over 40 percent.
