

Solar panel brand Trina

How many Trina Solar panels are there?

With the installation of over 1,900 Trina Solar modules. A trailblazer in solar since 1997. With over 205 gigawatts shipped worldwide and counting, Trina's photovoltaic panels and solar system components provide clean, affordable and reliable energy to homes, businesses and power plants around the world.

What is Trina Solar?

Trina solar produces a large range of solar panels for residential, commercial and utility-scale installations, incorporating many of the latest cell technologies including bifacial, half-cell, dual glass, PERC, and more recently the advanced N-type TOPCon monocrystalline cells.

Is Trina Solar a good brand?

Trina Solar competes with some of the top brands on the market, but they're not number one in any category. Trina Solar does everything pretty well (efficiency, temperature coefficient, warranties, price, etc.), but there's usually a premium solar panel brand that does it better.

What bifacial panels does Trina Solar offer?

For larger commercial and utility-scale installations, Trina Solar offers high voltage (1500V) larger format 72 or 144 half-cut cell panels in the TallMax and DuoMax bifacial range, with sizes now exceeding 600W. Trina also produces specialised dual glass and advanced bifacial options with 30-year performance warranties.

Does Trina Solar offer a warranty?

Trina Solar offers the Vertex S panels which are designed for residential and commercial rooftops. Most Trina Solar Panels have a standard 15-product warranty and 25-year performance warranty offered on the new generation bifacial and Vertex panels. How efficient are Trina Solar panels?

The panels feature a maximum power rating of 450W and a maximum efficiency of 22.5%, which is on par with some of the most efficient solar panels available. To achieve such high power and efficiency in a compact-sized panel, Trina used their latest N-Type TOPCon cell technology (named PACO) along with high-density cells and multi-busbars.

With over 205 gigawatts shipped worldwide and counting, Trina's photovoltaic panels and solar system components provide clean, affordable and reliable energy to homes, businesses and power plants around the world.
