Who is somewatt solar Cape Town?

Welcome to SomeWatt Solar Cape Town! We are a Cape Town based solar energy solutions company. Our individually tailored solar PV and battery backup systems designs turn roofs into reliable, renewable power sources. Harness the Cape Town sunshine and ditch load shedding with SomeWatt Solar.

Can solar power be used in South Africa?

South Africa's sunshine is perfect for solar! PV panels capture sunlight and create electricity. These solar panels generate DC power which an inverter converts to usable AC power for your home. Excess solar power can be sent back to the grid for credits or stored in batteries for nighttime use.

Who makes solar panels?

We have partnered with the world's leading manufacturers like Canadian, JA Solar, Longi, Hubble, BSL and Sunsynk. From the moment your solar system is switched on, you can have peace of mind that your home, farm or business will produce FREE energy and provide greater savings for you every time.

Who are Eskom solar panels & inverters?

We supply and install solar panels, batteries and inverters to take your home or farm off the Eskom grid. Our mission is to provide the best renewable energy solutions for our clients based on their needs. We are a South African company based in the Western Cape, but we service the entire country.
