The prices for surplus solar energy range between 4 cent and 8 cent in Portugal. It does not really compensate the investment. So you should only install the solar panel system based on your own consumption needs. It does make sense to install as well a battery. In Portugal you will need a lot of energy as well during the night.

A typical 3kW solar system will have between nine and 12 panels, yet the exact number will depend on the wattage of each panel as well as the amount of sunlight your home receives. Most 3kW solar systems will consist of panels that have a wattage (W) of 370 each, meaning a system of this size would likely only require nine panels.
