

Solar support artifact

What is cenotaph mask solar Warlock?

Cenotaph Mask Solar Warlock is the ultimate support build thanks to its versatility in multiple activities. Access to ammo, healing, and damage is something that every day 1 raid team needs and this build brings exactly that. You likely won't have the most kills or top damage with this setup, but being that support to help your team is crucial.

What is a solar Warlock build?

This Solar Warlock build takes advantage of a new support frame auto rifle No Hesitation. Heal your fireteam and gain a 25% weapon damage boost thanks to Circle of Life. The heavy weapon, Gjallarhorn, empowers your fireteam's rocket launchers with Wolfpack Rounds, making it essential for certain boss encounters.

What is a good sidearm for a solar Warlock?

Aberrant Action, a high-damage Rocket Sidearm that excels at quickly dealing with tougher enemies. If you want to play a support, the Phoenix Protocol Solar Warlock is the build for you. Your Well of Radiance buffs your allies damage and defenses while ensuring they remain healthy.

Is solar Warlock a good subclass?

Since this subclass has access to healing and damage buffs, it's hard not to enjoy the Solar Warlock playstyle. Warlocks have access to one of the best supers, Well of Radiance, with a lot of great exotics to buff their strong kits.

How do you heal a solar subclass?

A Solar weapon with Heal Clip is recommended. Final blows from weapons with a damage type matching your subclass energy create a burst of healing around you. After reviving or being revived, you gain an aura that provides overshields to you and nearby allies. Aspects: Consecration and Sol Invictus if Solar Subclass.

What buffs do you use with a solar trace rifle?

You should consistently have both these buffs if you use your Solar trace rifle. Ember of Searing, Defeating scorched targets grants melee energy and creates a Firesprite. With Incandescent on your trace rifle you'll consistently scorch targets. Ember of Singeing, Your class ability recharges faster when you scorch targets.
