

Solar system for complete home Sint Maarten

A grid-tied solar system, also known as a grid-connected solar system, is connected to the electrical grid and provides power to your home while also sending excess power back to the grid. In this system, you can use solar power during the day and draw power from the grid when your solar panels are not producing enough energy.

On Sint Maarten, the costs per Kwh calculated in 2012 is ANG 0,73. If you are a home owner, commercial property owner or owner of an industrial building on Sint Maarten, please have a look at your electricity bills and calculate the average ...

PHILIPSBURG, Sint Maarten -- On Friday, June 7th, tensions were high as NV GEBE welcomed approximately 60 guests for Part I of their "Candid Conversations" public information series at the University of St. Martin. As this unprecedented event was organized to educate and engage the community of St. Maarten, a larger turnout was expected. However, [...]
