

Sunmate solar Namibia

Who is sunmate solar?

Unlock the opportunity of savings with us! Sunmate is an Australia-based solar company specialized in residential and commercial solar systems. With 10+years of experience, Sunmate provides homeowners, businesses and communities with simple and affordable clean energy. © Copyright "Sunmate Solar" 2023.

Is Namibia a good country for solar energy?

With an average of ten hours of sunshine per day, Namibia is one of the world's sunniest countries. It has enormous potential for solar energy yet, 60% of the country's energy is imported from neighbouring countries and 40% of its population is disconnected from the grid. Nonetheless, Namibia has ambitious goals.

What's a good experience with sunmate solar?

Sarah and Avi were very nice and polite. They helped us with various things. Sarah explained all the products to us very clearly and assisted us. She helped us connect the Wi-Fi and also assisted in resolving the inverter issue. I had a wonderful experience with Justin from SUNMATE Solar.

What are Namibia's energy goals?

Nonetheless, Namibia has ambitious goals. By 2030, it wants to produce 70% of its energy from renewable energy sources, with independent energy producers feeding renewable energy into its national grid. In northern Namibia, a ten-hectare solar energy farm produces 9,000 MWh of energy per year.

Why should you choose sunmate?

Sunmate provides quality solar products with multiple brand options suitable for all residential systems. We have proven our high performance and lasting reliability in the field, where it matters the most. Be ahead of the curve! Strong performance ensures reliable returns.

Never go dark again, even during a power outage! The SMS 3.6KVA 24V Hybrid Inverter delivers 6200W of power, ensuring your appliances stay on.
