How did the Syrian rebels advance through the northwest?

First, the rebels captured Syria's largest city, Aleppo, then Hama and Homs. On Sunday, they entered Syria's capital, Damascus, taking the city without a fight as government forces fled. Here's how the main rebel coalition advanced through the northwest. Note: Areas of control are approximate.

How will Syria's fall impact key players in the Middle East?

For Russia, Syria's fall could mean losing its closest Middle Eastern ally and undermining its ability to project power while it fights a war in Ukraine. For Iran, it could shatter its so-called Axis of Resistance, comprising allied states and militias. Here's how the events in Syria could impact key players in the Middle East:

Are Syrian rebels consolidating control after lightning offensive took Damascus?

Rebels are consolidating control after their lightning offensive took Damascus. People celebrate holding a large Syrian opposition flag at Umayyad Square in Damascus, Syria, on Dec. 9, 2024.

Will Syrian rebels make an advance to Aleppo after Israel weakened Hezbollah?

Hadi al-Bahra, a Syrian opposition leader representing anti-Assad groups, including the Turkey-backed Syrian National Army (SNA), said rebels felt encouraged to make an advance for Aleppo last week after Israel debilitated Hezbollah and weakened Iran's footprint in the region.

Would escalating the war in Syria undermine Iran's diplomacy?

However, escalating the war in Syria could undermine Iran's efforts to pursue diplomacy with the West and Arab states. Losing Syria would be "a huge blow" for Iran, Parsi said.

Did Assad use sarin nerve agent in Syria?

Under Mr. al-Assad, the Syrian government used chemical weapons -- particularly sarin nerve agent -- against citizens numerous times during the 13-year civil war. Over the past years, Israel had periodically bombed targets in Syria, and the intensity of those attacks had escalated recently.
