

How much power does Tajikistan have?

IEA. Licence: CC BY 4.0 Installed generation capacity in Tajikistan today is 5 810 megawatts(MW),of which 3000 MW comes from the Nurek hydro facility,about 1900 MW from various run-of-river hydro plants,and just under 600 MW from combined heat and power (CHP) plants at just under 600 MW.

What is the share of thermal power plants in Tajikistan?

The share of thermal power plants is 318 MW or about 6.1%. Annual electricity generation in the Tajik energy system,consisting mainly of hydro power plants,is 16.5 billion kWh.It should be noted that more than 98% of electricity in Tajikistan is generated by hydropower plants,including 97% - by large and medium HPP.

How many hydropower plants are there in Tajikistan?

Currently,there are 11large and medium hydropower plants in the Republic of Tajikistan and nearly 300 small hydro power plants with total capacity of 132 MW. In 2009 we adopted the updated program for the construction of small hydropower plants. The program envisages the construction of 189 sHPPs with total capacity of 103.6 MW.

Does Tajikistan have thermal power?

It has relatively little thermal generation. In 2019,93% of its generation was from hydro and 7% was from coal-fired capacity. Tajikistan has limited sources for heating other than electricity which accentuates winter peak demand and deficits. IEA. Licence: CC BY 4.0 IEA. Licence: CC BY 4.0

Should Tajikistan import electricity?

While exports are the prime motivation of Tajikistan to pursue cross-border electricity trade in order to gain revenue,the option to import electricity in times of shortage should be open. Imports could also delay or avoid the need to build new thermal generation capacity.

Does Tajikistan export electricity to Uzbekistan?

However,in 2018 Tajikistan reconnected and initiated bilateral electricity trade with Uzbekistanin which it exported 1.5 terawatt-hours (TWh) at USD 20 per megawatt-hour (MWh). The price and quantities are expected to be renegotiated every season. Electricity shortages in the winter are critical for Tajikistan.
