

Trina Solar Spain Mounting System

What voltages can Trina Solar modules operate at?

Trina Solar modules are certified for operating in Application Class A installations at voltages below 1000V DC (For TSM-PE05A.**, PE14A.**, below 1500V DC).

What is Trina Solar?

With Trina Solar's full product portfolio, customers receive an all-in-one smart solar energy solution that includes seamless integration of modules, trackers and storage, optimized performance, and streamlined service.

Can Trina Solar modules be installed in landscape or portrait orientation?

SITE SELECTION Trina Solar Modules can be mounted in landscape or portrait orientation however the impact of dirt shading the solar cells can be minimized by orienting the product in landscape. Solar module is recommended to be installed at an optimized tilt angle to maximize the energy output.

How to contact Trina Solar?

Contact Trina Solar at Hotline: 400-988-0000 or Email: sales@china.trinasolar.com. Tianhe Road, Trina PV Industrial Park, New District, Changzhou, Jiangsu, 213031. © 2021 Trina Solar Co., Ltd, All rights reserved, Subject to change without prior notice. INTELLIGENT TRACKING SYSTEM High Performance Total Solution 600W+Compatible with Ultra-High-Power Modules Trina Tracker

How do you protect a Trina Solar PV module?

Cover the front surface of modules by an opaque material when repairing. Modules when exposed to sunlight generate high voltage and are dangerous. Trina Solar PV modules are equipped with bypass diodes in the junction box. This minimizes module heating and current losses.

Do Trina Solar modules need a transformer?

When installed in systems governed by IEC regulations, Trina Solar modules normally do not need to be electronically connected to earth and therefore can be operated together with either galvanically isolated (with transformer) and transformerless inverters.

Trina Solar Spain, a subsidiary of Trina Solar Limited, a leading integrated manufacturer of solar photovoltaic (PV) products from the production of ingots, wafers and cells to the assembly of ...

Trina Solar Co., Ltd (‘Trina Solar’ or the ‘Company’) has received the Technology Assessment Report for the TrinaPro Smart Solar Solution (‘the Report’) from DNV ...
