Vanuatu flooid power systems

A new, globally patented renewable energy system, Flooid Power concentrates solar heat and converts it into electricity. Type Startup or self-employed. Founded 2017. Company Size 10. Member Type. innovator. Founders Mark Maynard & Ben Schwartz. Headquarters Easthampton, MA 01027, USA. Social network.

The Flood system is supposedly continuous, not pumped and there is no waste flooid whose energy is used to power the system. Rather the falling flooid passes through a generator, which powers an electric pump. The generator is running on differential pressure, the flooid in the up piping is lower because the flooid is mixed with air.

Flooid Power Systems has an excellent Employer/Employee relationship between the boss and subordinate. Rather than the usual management employee relationship that is adversarial ...

Flooid Power Systems is located in Easthampton, Massachusetts, United States. Who invested in Flooid Power Systems? Flooid Power Systems is funded by Cleantech Open.
