Sustainable Earth Dominica has partnered with reputable international manufacturers to bring quality solar

Wattuneed solar Dominica

products to the Caribbean. Based in Dominica, we offer products, installation and maintenance services.

Each solar kit includes all the equipment needed to produce and store your solar energy. As an option, we can configure the regulator and inverter in a waterproof (IP65) box with MC4 connectors and a 220V socket on the side. You also have the flexibility to buy each component separately to tailor the kit's power and autonomy to your needs.

Dominica already has substantial geothermal, solar and wind power capacities making the island an ideal location for energy generation from these resources. Those looking to invest in renewable energy will find a welcoming and ...

Wattuneed, a leading wholesaler in the solar photovoltaics sector, has been delivering tailored solutions for almost a decade. Our dedicated team of technicians and engineers offers comprehensive consulting and project planning services, ensuring that clients receive equipment tailored to their specific requirements. At Wattuneed, customer ...
